

A close-up photograph of a double-flute drill bit. The bit is made of a dark, metallic material, likely high-speed steel. It features two prominent, symmetrical flutes that run along its length, designed to remove chips from the workpiece. The bit has a standard double-flute design with a sharp cutting edge. Engraved on the central shaft of the bit is the text "3-15mmx8.0mm", indicating its size and specifications. The background is a plain, light-colored surface.

Auswahl nach Schneidendurchmesser.

1_Anzahl der Schneiden Z:	2
1_Aufnahme:	Zylinder
1_Form des Zentrierbohrers:	Form A
1_Gesamtlänge OAL (mm):	35,5
1_Hauptanwendung:	Edelstahl, Gusseisen, Nichteisenmetalle, Stahl
1_Material:	HSSE-Co8
1_Norm:	DIN 333
1_Schaftdurchmesser DCONMS (mm):	4
1_Senkwinkel (°):	60
1_Spitzenwinkel (°):	118
