

testo 550i Smart Set - App-gesteuerte digitale Monteurhilfe

480,76 €*

Preise inkl. MwSt. zzgl. Versandkosten

Artikelnummer: **XTE05643550**

The kit for app-controlled, wireless measurements and digital documentation on your smartphone. You will get the testo 550i app-controlled digital manifold with Bluetooth, 2-way valve block and sturdy hook, two testo 115i wireless clamp thermometers (Bluetooth, NTC) and a robust transport case. For other wireless measurements, the optional Testo Smart Probes for temperature, humidity and vacuum are the perfect addition. You'll be ideally equipped to carry out your measuring tasks on refrigeration and air conditioning systems and also heat pumps.
